# Care that fits into your life—not the other way around

Managing a chronic condition in today's complex healthcare system can feel overwhelming—expensive medical costs, lengthy treatments, and persistent side effects. At Quantify, we see specialty infusion therapy as more than just a treatment—it's a key part of your life. That's why we're here to simplify your experience.

With optimal care that's easy to access and designed to fit your routine, we ensure you never have to compromise your lifestyle or financial well-being.

## What makes Quantify different?

- In-home infusions available in all 50 states
- We provide 24/7 nursing support for all your health needs

### **Expert care, wherever you are**

80%+ therapies available in-home. Calm, private clinics with free transportation. Always 1:1 nurse support.

### **24/7 clinical support and real-time health insights**

You're never alone—your dedicated care team is always available, and a wearable device allows our nursing team to proactively respond to your unique health needs.

### **Support for your whole health**

Quantify patients get extra clinical support—nutritionists, behavioral health specialists, and more—because your well-being goes beyond treatment.

### **Precision treatment and medication**

Personalized therapies, continuous medication monitoring, and optimized dosing—ensuring your treatment is always safe, effective, and aligned with your health goals.

# You deserve more than just treatment— you deserve care.

At Quantify, we tailor your treatment plan to your specific needs.

What to expect

# Your path to personalized specialty care

1

## Schedule your consultation

Talk to our team of health plan specialists to discover how Quantify's speciality infusion care can work for you.

2

## Meet your team

Starting with a Welcome Call, your dedicated care team will discuss, and help you enroll in, your treatment plan—whether at home or at one of our 65+ locations nationwide.

3

## Establish your care

Our team will work with your current provider to ensure an easy transition to your new specialty care.

4

## Receive your welcome kit

We'll send you everything you need to prepare for your first home or in-clinic appointment, including simple step-by-step guides to get started.

5

## Begin your treatment

When it's time for your treatment, we make sure everything is ready for an easy experience. Your care team will be there to guide you, answer any questions, and keep you comfortable every step of the way.

6

## Stay supported

Experience ongoing support with regular check-ins, 24/7 access to your care team, and continuous monitoring to enhance your overall well-being.

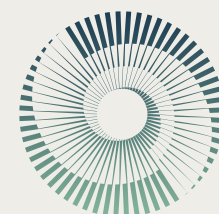

“This service has given me security, stability, and a whole new level of confidence in my health. Grateful to my employer for providing it, and even more grateful to you for delivering on your promise of exceptional care.”

– Phillip
