

Lucent Health Tips:

Your Guide to Smarter Health Benefits

Integrated, Compassionate Member Care

How does Case Management work?

Case Management is a service where a team of medical professionals hold your hand throughout your medical journey. Utilizing case management services is completely voluntary. A medical professional is assigned to you and is the person who helps you navigate the plan, working with providers to assist with scheduling and pre-authorization issues. Case Management is available through Lucent Health's Concierge Care program.

How does Lucent Health Care Management work?

Upon notification of your diagnosis, Lucent Health's enrollment team will be doing outreach to members who they believe could benefit most from case management - the caller ID will show (615) 610-9194. Check your spam blocker settings to be sure you don't miss the call. If you don't receive a call and you wish to talk about the benefits of Case Management, reach out to the team by calling the number below. Save the Lucent Health Care Management phone number (listed below) to your contacts so you can know they're calling. Our team of clinical nurses specialize in a variety of categories such as:
