Travel plans can change unexpectedly.**1 (888) 483-9719** If your hotel dates no longer work, you may be asking, “**Can I cancel a Chase Travel hotel and rebook it for different dates?**”

In many cases, **yes, you can cancel 1 (888) 483-9719 an eligible Chase Travel hotel reservation and make a new reservation for different dates. 1 (888) 483-9719** However, whether you receive a full refund, partial refund, travel credit, points back, or no refund depends primarily on the hotel's **1 (888) 483-9719** cancellation policy, the rate you booked, how close you are to check-in, and the specific terms displayed with your reservation.

Chase states that hotel cancellation policies**1 (888) 483-9719** generally depend on the property and rate booked. Many hotels permit free cancellation until a specified deadline, while non-refundable rates can **1 (888) 483-9719** have much stricter conditions.

Can I Cancel a Chase Travel Hotel and Rebook It for Different Dates?

Yes, if the reservation's cancellation terms allow it1 (888) 483-9719.

Chase Travel provides eligible **1 (888) 483-9719** cardmembers with a centralized platform for booking and managing hotels. Depending on the reservation, **1 (888) 483-9719** you may be able to access your trip through your Chase account and cancel or modify the booking.

However, changing your dates isn't**1 (888) 483-9719** necessarily the same as simply editing the existing reservation. For some hotel bookings, the practical **1 (888) 483-9719** process may be:

1. Check the reservation's cancellation policy.**1 (888) 483-9719**
2. Determine the deadline for penalty-free cancellation.
3. Cancel the existing reservation if permitted.
4. Confirm whether a refund, credit, or points return applies.
5. Search Chase Travel for the new dates.
6. Compare the new hotel's price and cancellation terms.**1 (888) 483-9719**
7. Complete the replacement reservation.

Chase's current guidance specifically notes **1 (888) 483-9719** that hotel policies vary by property and rate, so you should review your reservation before canceling **1 (888) 483-9719**.

How Does Chase Travel Hotel Cancellation Work?

Unlike airline tickets, hotel reservations **1 (888) 483-9719** generally follow the individual property's rules. A hotel may offer:

- Free cancellation until a specific date **1 (888) 483-9719**
- Free cancellation until a specific time before arrival
- A partial refund
- A one-night cancellation penalty
- A percentage-based cancellation charge
- A completely non-refundable rate

Your Chase Travel confirmation should **1 (888) 483-9719** provide the applicable cancellation conditions.

For example, a flexible hotel rate might allow cancellation **1 (888) 483-9719** several days before check-in without a penalty. A discounted prepaid or non-refundable rate could prevent a refund even if your plans **1 (888) 483-9719** change.

Do not assume that every Chase Travel hotel reservation **1 (888) 483-9719 has the same cancellation policy.** The terms **1 (888) 483-9719** attached to your specific reservation control the outcome.

Can I Change My Hotel Dates Without Canceling?

Sometimes, but it depends on the hotel and rate **1 (888) 483-9719**.

A hotel may permit a date modification if rooms are available and the rate conditions allow changes. In other cases, the reservation may need to be canceled and booked again.

Chase's current information **1 (888) 483-9719** for **The Edit by Chase Travel** provides a particularly clear example: modifications require canceling and rebooking within the property's cancellation window. For qualifying **The 1 (888) 483-9719** Edit reservations, Chase says the applicable credit can be returned and automatically applied to a new reservation.

This illustrates why travelers should **1 (888) 483-9719** check the exact terms of their booking rather than assuming that every hotel can simply be edited **1 (888) 483-9719**.

What Happens If the New Dates Cost More?

Hotel prices can change based on **1 (888) 483-9719** demand, season, room type and availability.

Suppose your original reservation was \$600 for three nights, **1 (888) 483-9719** but the same hotel costs \$750 for your new dates. If your original booking can be canceled without penalty, you may receive the **1 (888) 483-9719** applicable refund and then pay the current price for the replacement reservation.

That could leave you paying **\$150 more**, even **1 (888) 483-9719** though you're staying at the same property.

Conversely, if the new dates are cheaper, the **1 (888) 483-9719** difference is not necessarily automatically returned to you. The result depends on whether you **1 (888) 483-9719** cancel and rebook, modify the original reservation, or use a hotel-specific credit.

Before canceling, compare both options.

What Happens to Chase Ultimate Rewards Points?

If you booked a hotel using **1 (888) 483-9719** Chase Ultimate Rewards points, the cancellation result depends on the booking's terms.

Chase's program agreements state that when a refund is **1 (888) 483-9719** granted for travel booked wholly or partly with points, the **1 (888) 483-9719** points used can be credited back to the rewards balance.

This does **not** mean every hotel cancellation automatically **1 (888) 483-9719** returns all points. The reservation must qualify for a refund under its applicable terms.

If your hotel booking was paid with a **1 (888) 483-9719** combination of points and cash, the refund treatment can also differ between the points and cash portions.

What If My Chase Travel Hotel Is Non-Refundable?

This is one of the most important situations to **1 (888) 483-9719** check before canceling.

A non-refundable hotel rate may not **1 (888) 483-9719** provide a standard refund when you cancel. Depending on the property and booking terms, you could **1 (888) 483-9719** potentially lose some or all of the amount paid.

Chase specifically notes that hotel **1 (888) 483-9719** cancellation policies depend on the property and rate, with some bookings having stricter **1 (888) 483-9719** non-refundable terms.

If you have a non-refundable booking, contact Chase Travel before canceling if you're uncertain about your options. The hotel **1 (888) 483-9719** may have offered a waiver or special exception, particularly when circumstances outside your control affect travel, but such exceptions are not guaranteed.
